EC Directive 89/686/EEC EC Type-examination

Issue 1.

PPE Product

MICROGARD® 1800 Ts PLUS Coverall series, constructed from a white breathable microporous PE/PP laminate fabric with stitched & taped seams, elasticated at the wrists, ankles, back of waist & hood (if present) and finger loops attached to cuffs (exception noted); a front zip closure with flap & double sided tape. The garments are available in eight nominal sizes, with the following style options:

- a) Coverall with collar; product code: WH18-T-◆-103-**, where ◆ is the packaging type & ** is the garment size code.
- b) Coverall with hood & chinstrap; product code: WH18-T-◆-111-**.
- c) Coverall with hood & chinstrap, integral boot-ends with PVC soles & ankle ties; product code: WH18-T-◆-122-**.
- d) Coverall with hood & chinstrap but without finger loops, product code: WH18-T-04-134-**.
- e) Coverall with hood with chinstrap, integral socks and boot flaps; product code: WH18-T-◆-156-**.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

- EN 14605:2005 + A1:2009 (Type 4: Limited life, full body chemical protective clothing with liquid tight connections);
- EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full body protection against airborne solid particulates);
- EN 13034:2005 + A1:2009 (Type 6: Limited life, full body chemical protective clothing offering limited protection against liquid chemicals);
- EN 14126:2003 (Type 4-B, 5-B, 6-B Limited life, full body protective clothing against infective agents);
- EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a charge decay, half decay time, $t_{50} < 4$ s.

In addition with one exception the PPE satisfied the requirements of EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) with a performance classification of TIL Class 2. The exception is that clause 4.2 specifies that the minimum puncture resistance should be level 2, but the fabric used has a puncture resistance classification of level 1 (as required for the other clothing standards listed above).

Ansell Microgard Limited

EC Directive 89/686/EEC EC Type-examination

Issue 1.

The manufacturer's information notices [MICROGARD® 1800 Ts PLUS, Version 10.09.15 & MICROGARD® 1800 Bag, V120820], in English, have been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file: MICROGARD® 1800 Ts Plus, issue 1
