

WILLSON®

Industrial Strength Style. Hard Working Price

V-MAXX®

PROTECTING YOUR EYES AND THE BOTTOM LINE.

The Willson V-Maxx Safety Goggle not only offers superior eye protection and attractive futuristic styling, but also helps protect your budget. This affordably priced, comfortable goggle is available in both direct and indirect vent models as well as 3.0 and 5.0 welding shades. The Willson V-Maxx is OTG (over-the-glasses) compatible allowing the user to wear these goggles over most prescription eyewear. Optional peel-off lens covers extend the useful life of the lens. An adjustable sport headband in red elastic or black neoprene completes this protective goggle.

V-MAXX® KEY FEATURES AND BENEFITS

- Direct and indirect vent styles available for impact and splash applications.
- Futuristic wrap-around styling provides excellent panoramic vision.
- Coated with Willson® Fog-Ban® antifog coating. Minimizes fogging caused by humidity, heat, cold and heavy exertion.
- OTG compatible (can be worn over most prescription eyewear).
- Pivoting headband clips to adjust strap around hard hats or hearing protection.
- Comfortable, secure fit.
- Adjustable headband available in red elastic or black neoprene for chemical applications.

CERTIFICATION

Passes ANSI Z87+ and CSA Z94.3 standards
