

# New!

Multiple connection options!

## Miller Revolution™ Harness with Integrated Waist Connection

Custom designed for vertical applications!

### Standard Miller Revolution Harness Features:

- PivotLink™ Connection
- DualTech™ Webbing
- Quick-Connect Chest and Leg Straps
- Cam Buckles
- ErgoArmor™ Back Shield
- Stand-up Back D-ring
- Self-Contained Label Pack
- Web Finials

### Connection Features:

- Ladder attachment point at waist allows for a relaxed climbing position, creating a smooth system operation during vertical climbs; prevents system lock up.
- Maximum user comfort = better worker compliance!
- Allows for multiple connection methods.
- For use with rail, ladders & cable systems.

Meets applicable OSHA, ANSI and CSA requirements

*New waist connection eliminates the need for a secondary belt.*
